Approval of the Amendment to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. and Business Telecom, Inc. Pursuant to Sections 251 and 252 of the Telecommunications Act of 1996

Docket No. 01-00633-01-01099

**PETITION FOR APPROVAL OF THE
AMENDMENT TO THE INTERCONNECTION AGREEMENT
NEGOTIATED BETWEEN BELLSOUTH TELECOMMUNICATIONS, INC.
AND BUSINESS TELECOM, INC.**

PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996

COME NOW, Business Telecom, Inc. ("BTI") and BellSouth Telecommunications, Inc., ("BellSouth"), and file this request for approval of the Amendments to the Interconnection Agreement dated February 21, 2000 (the "Amendments") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, BTI and BellSouth state the following:

1. BTI and BellSouth have successfully negotiated an agreement for interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to BTI. The Interconnection Agreement was approved by the Tennessee Regulatory Authority ("TRA") on August 15, 2000.
2. The parties have recently negotiated an Amendment to the Agreement. The Amendment incorporates rates established by the Tennessee Regulatory Authority. A copy of the Amendment is attached hereto and incorporated herein by reference.
3. Pursuant to Section 252(e) of the Telecommunications Act of 1996, BTI and BellSouth are submitting their Amendment to the TRA for its consideration and approval. The Amendment provides that either or both of the parties is authorized to submit these Amendments to the TRA for approval.

4. In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Amendment between BellSouth and BTI within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity.

5. BTI and BellSouth aver that the Amendment is consistent with the standards for approval.

6. Pursuant to Section 252(i) of the Act, BellSouth shall make the Agreement available upon the same terms and conditions contained therein.

BTI and BellSouth respectfully request that the TRA approve the Amendment negotiated between the parties.

This 16th day of Dec, 2001.

Respectfully submitted,

BELLSOUTH TELECOMMUNICATIONS, INC.

Vertical features shall apply to the Unbundled Port/Loop Combination - Cost Based Rate section in the same manner as they are applied to the Stand-Alone Unbundled Port section of this Rate Exhibit.									
In the absence of ordered rates by a State Commission, the recurring rates for combinations of port/loop network elements will be the sum of the recurring rates for the JUNES which make up the combinations, and the nonrecurring rates shall be as set forth in this section.									
End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to all combinations of loop/port network elements except for UNE Coin Port/Loop Combinations which have a flat rate usage charge (USOC: URECU).									
For Currently Combined Combos in TN the nonrecurring charges shall be those identified in the Nonrecurring Charges - Currently Combined sections.
